Sam,

I am not the right person to help you with that. Please check with Laura Lawrence from U.S. EPA Region 9 (Lawrence.Laura@epa.gov) regarding NSR requirements for PM2.5.

Kasia

Hi Kasia,

It's my understanding that we are supposed to come up with a New Source Review Rule for the Portola area. Isn't that the case? I have been working with Laura Yannayon of Region 9 on revising our NSR Rule for our ozone nonattainment area and it occurred to me that we might as well include PM2.5 NSR provisions as well. Gretchen and I thought it would be a good idea to let you know that I'm working on it.

In case you're interested, I am attaching the latest rough draft. EPA wants us to submit it by the end of the year for our ozone SIP.

Sam
